

Evergreen News Happenings

Evergreen, May 1. - Those from here who attended the central district federation of home demonstration clubs in Farmville at S. T. C. were Mrs. H. D. Baker, Mrs. H. C. Staples, Mrs. O. C. Paulette, Mrs. Z. V. Harvey, Mrs. W. J. Austin, Mrs. C. J. Paulette and Mrs. Godfrey Austin.

Mrs. T. T. Evans has been on the sick list, but is improving at present.

Miss Clarkie Evans visited home people here over the weekend.

Mr. and Mrs. Roy Connor, of Lynchburg spent the weekend in the home of J. H. Connor.

Mr. and Mrs. W. E. Warner have moved into the home of R. L. Fitch.

Mr. Clarence Simmons is taking treatment under a doctor in Lynchburg.

Beautification has begun on the Evergreen cemetery, the plot having been plowed and preparation is being made to sow grass. Local churches are interested in getting this project completed.

Mrs. J. C. Staples was in Lynchburg Saturday and Sunday with her son, Mr. and Mrs. Sam White, who accompanied her home Sunday.

Mrs. Neal, who has been spending some time with her son in Roanoke, recently arrived to spend the spring and summer months with her daughter and son-in-law, Mr. and Mrs. H. B. Cralle.

Margaret and Louise Garrett have moved.

The R. A. met in the home of Howard and Roy Austin Sunday afternoon. There were sixteen members present. There were also three new members to join. Rev. Collins conducted a very instructive meeting.

First Venetian Blinds

As long ago as the Eighteenth century Venetian blinds were being made in the West Indies by a shipwrecked Frenchman. Owing to the fact that the idea was not original but was an adaptation of some blinds which had been observed in Venice. In the United States they have been manufactured since 1878.

They Plan June Republican Convention

Pictured in Philadelphia, Pa., making plans for the Republican national convention in June are (left to right) James F. Tamm, Pittsburgh, chairman of the Pennsylvania convention; John D. M. Hamilton, national committee chairman; and Harold W. Mason of Brattleboro, Vt., national committee secretary.

Supply of Vitamin B Is Important to Health

Some of the factors which have been chasing themselves up and down the physical framework of human beings for many years might disappear if people paid more attention to the amount of vitamin B they are getting.

To be more specific, it's really vitamin B-one, called thiamine, which is causing so much discussion in nutrition circles these days.

It is found most prominently in whole-grain cereals, so it might be thought that people who eat a lot of these remain constant on the day of the experiment, rapid changes in the weather conditions resulted in increasing the average severity of the process by about 50 per cent.

Good Planting Methods Aids Survival of Trees

Efficiency in planting in the field windscreens of the Prairie States Forest project has aided a high survival of trees in spite of drought, grasshoppers, jackrabbits and other hazards of the prairie plains, the forest service of the federal department of agriculture reports.

Under approved procedure the roots of young trees are not exposed to the air for more than 90 seconds from the time they are dug from the nursery beds or river bottoms until they stand in the windscreens.

Well-Trained Dogs Assist Jugoslavia Police

Perceptive well-trained dogs make efficient criminal catchers on the regular police force of Jugoslavia. Mostly Alsatian wolf dogs, although other breeds are also used, these animals are taught to obey instant obedience to a word from their trainers.

Never barking except on order, retaining their poise in emergency, the Jugoslav police dogs are especially drilled in tracking down fugitives by scent, in high jumping, and in keeping out of the way of unexpected shots. They are as agile as kittens to their masters and their friends, but sudden death in action on an enemy. In one police museum of Jugoslavia are dramatic souvenirs of criminal hunts in which the police dogs played leading roles.

22 Years of Blindness Ends for Canadian Man

After 22 years of blindness, the veil of darkness has been cut away from the eyes of William Hunter, 68-year-old news agent of Vancouver, B. C., by the magic of a surgeon's scalpel.

For the first time "since the mist came over my eyes in 1918," the onetime soldier can see again. He is reveling in his rediscovery of the world through the long years of lack of sight.

Aluminum Priming

Aluminum paint, because of its high resistance to water penetration, is an excellent paint to use for exterior priming or for any other place where a surface needs such protection. If the building budget permits, it is wise to have the backs of all clapboards or other wood wall covering painted before erection. In this manner the life of the outside paint will be prolonged.

As Nazi Battleship Invaded Norse

Made from the bridge of a Nazi warship as she sailed to a British destroyer, this is the first picture to reach radio of actual battle between ships of the English and the Norwegian waters. The picture was made during fighting in the swastika on the foredeck of the German ship—recognition of the British.

Industrious Noting

The motion picture doesn't miss a movement used to show industrial students at the Pennsylvania college how to speed up by using strictly factory methods having 12 or more parts of the machine in motion.

After the film and minute studies are made of the machine, the student is set to take a cut one thirty-second of the drill press depth gauge to cut blades securely, so it is impossible for them to get out of adjustment while in operation.

Washington Notables See Senators Open '40 Campaign

The 2,000 baseball fans on hand to see President Roosevelt serve his seventh term as official opener of the Senators' American league campaign were (bottom row, left to right) Vice President John F. Kennedy, Charles L. McNary of Oregon, Sen. Tom Connally of Texas and Sen. Allen W. Barkley of Kentucky. The picture was made during fighting in the swastika on the foredeck of the German ship—recognition of the British.

Spout Spring Personals

Spent Spring, May 1. - Mr. and Mrs. Wade Stetle, of Concord visited in the home of A. B. Carson last Saturday.

Misses Emma and Evelyn Dickerson spent the weekend at their home at Spout Spring.

Mrs. Belle Cullop and Miss Mammie Cullop visited in the home of W. R. Cullop, of Lynchburg last Sunday.

Misses Mattie Roberts and Vernell Adams visited friends at Petersburg several days last week.

Mrs. F. M. Shiry has returned to her home here after spending several days in Lynchburg at the home of her son, R. E. Shiry.

Relatives of Mr. J. Scroggs, of Elkton, Va., were called there Monday on account of his death.

Miss Emma Morris spent Monday afternoon at the home of Mrs. Morris Ferguson.

Mr. and Mrs. J. A. Morris spent Sunday afternoon at the home of Mrs. J. A. Morris.

The home demonstration club met in the home of Mrs. W. A. Moon Tuesday afternoon.

The Pneuromatic Society of Spout Spring went on a scavenger hunt Sunday with Mrs. J. A. Morris, groups of young people who went around arounding some of the people from the beds of lumber to get such articles as: olden Bible, biggest bell, live duck, apple, red crayon, suitcase, smallest screw driver, cake of soap, hair from a white horse's tail, an umbrella, and hundred and one other things.

The young people were given an hour to find these things and bring them back to the Baptist church. Group number two, which included Emma, June and Josh Johnston, Roy and Margaret Moon, Richard Roberts and Berkeley Calcutt, won the prize for finding most of the articles in the shortest time.

Mr. and Mrs. J. A. Morris and son, of New York, recently visited in the home of Mrs. C. B. Gilliam and Mrs. N. L. McClellan.

There was a large attendance at the Senior play, "Sunbonnet Lane of Spout Spring Lane," which was given last Friday night at the Pamplin high school.

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices, thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.
